INTRODUCTION

Our Company named HAKIMI INDUSTRIAL & GENERAL TRADING initiated business in the year 2021 with set up in Panvel (Navi Mumbai) city of Maharashtra, India. Our vision is to cater to global needs of Engineering products and services. Our expertise lies in Hydraulics, Mechanical, Electrical, Instrumentation and Engineering Plastic in which we can offer economical products as per customer's requirement. We actively look for opportunities to expand our presence with increasing demand of construction and industrial development happening not only in India but on a global level. This can be achieved by not only quality products but also timely deliveries.

We at HAKIMI INDUSTRIAL & GENERAL TRADING aim to deliver quality products from leading manufacturers in respective industries and we also make sure to deliver the products with best lead times which can help in optimizing the productivity of the machineries and satisfy our clients.
