Our Services:

• **Community Distribution**

We know where the target audience is, how to reel them in, and what makes them stick around. This is why we can drive organic, viral conversations on Whatsapp, Telegram & Discord like platforms.

• **Community Building**

Strategic crypto community building and management have been the driving force behind some of the biggest, most successful Web 3.0 projects to date. Viral social movements don't just happen by chance and we hold the brains to execute the same.

• **Paid Marketing**

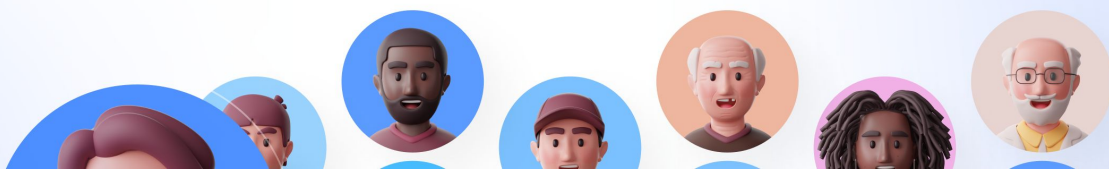

Extend the reach of your brand through laser-focused social ads that amplify awareness and propel sales.

• **Paid Media**

We think like editors, and we see journalists as our partners. Get on the inside track with leading Blockchain media, as we help shape public opinion, awareness, and trust for your brand.

• **SEO**

Search Engine Optimization is more than just keywords, and one size certainly does not fit all. We will draw from our best practices and tailor a unique SEO for approach specifically for your company.

• Influencer Marketing

Give your engagement and sales a Turbo-Boost with our strategic partnership with the influencers in the world of Web 3.0 that create a big buzz around your brand.

• Social Media Marketing

Let your audience get to know the best of you through social media. Not just Likes, Hashtags and Followers, drive real conversations, real engagements.

• Video Production

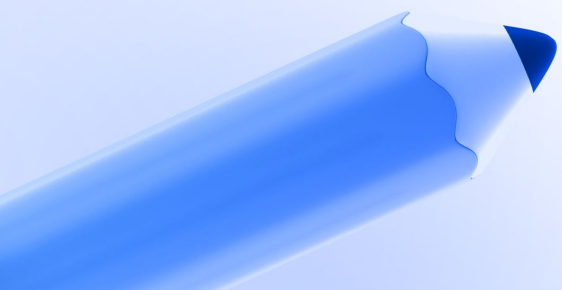

Cater to the multimedia hungry audience through high-quality video production content. We bring brands closer to their audiences by creating videos that inspire, engage and compel.

• Web Development

Optimize the customer experience with a feature-rich and intuitive website design that drives conversion.

• Custom Metaverse Design

Let us help you deliver a virtual user experience to your customers like never before. Make your business experiential, immersive and yet, easily accessible for masses.

About us:

Blockwee is the Web 3.0 marketing agency you were looking for, aiming to be the best partner for your innovative Web 3.0 startup. We boast our prowess in helping brands build experiences and assets that will generate the most value for this new generation of consumers.

We help brands connect with their customers by creating personal connections in this digital world. The key to our success?

We bring personal to **Digital**.

Client Testimonials:

riidl

They have some immaculate consistency in providing us with click-worthy content to put out each week. Being seamless to work with, it's a breeze working with the Blockwee team.

-Gaurang Shetty, CEO, Riidl.

TIMECHAIN LABS

Blockwee understood the needs of my company and the marketing landscape perfectly. The content was engaging and the marketing was structured and well planned. I would definitely recommend Blockwee.

-Rohan Sharan, Founder, TimeChain Labs

AUDRIX

Blockwee offers cutting-edge services in the field of Web 3.0. Their team is highly knowledgeable and innovative. I've worked with them on a project and have been impressed with the quality of their work and would highly recommend them.

-Pramod Chandrashekhar, CEO & Founder, Audrix Finance

NU10

Blockwee has been an excellent partner in marketing our project. They have helped us to articulate the value of our project to a wider audience and have been instrumental in driving uptake and interest.

-Parimal, Vice President, Nu10
